Skinner West Classical, Fine Arts, and Technology School

HOLIDAY POINSETTIA SALE
FUND RAISER PROGRAM

November 13, 2012

Dear Parents,

This year our school will be selling Christmas poinsettias from Natural Settings, located in Crete, Illinois. They are florist-quality poinsettias, and come in a 6 ½ inch grow pot, are 16-19 inches tall and have 5-8 blossoms per plant. The poinsettias are red, wrapped in decorative waterproof foil, and are individually sleeved for protection.

The plants are sold for $12.00 and our cost is $8.00, making a profit of $4.00 on each plant for our school. Our sale begins on *Wednesday November 14*, and will run through *Wednesday December 5*. **All poinsettia orders should be returned to the school by *Friday December 7*.** Delivery of the plants will be the morning of the Music House Holiday Concert, Wednesday December 19 and we will use them to decorate the auditorium and entranceway of the building. We ask that you allow us to keep them on display until after school on the day of the Skinner West Holiday Concert, Thursday December 20th.

Plants may be brought home Thursday December 20, or Friday December 21.

We are grateful to everyone who supported our school efforts in the past. For us to be successful, we need your help and cooperation. We are suggesting that you contact your friends, neighbors, relatives and co-workers. They'll be glad you did.

Thank you very much,

Deborah M. Clark
Principal
